

WELCOME
TO GMIOT

GREATER MANCHESTER
INSTITUTE OF
TECHNOLOGY

Tameside
College

WELCOME

WELCOME TO GREATER MANCHESTER INSTITUTE OF TECHNOLOGY.

Tameside College is a proud to be part of Greater Manchester Institute of Technology (GMIoT).

GMIoT will ensure that the college's focus on developing skills and expertise in science, technology, engineering and maths (STEM) sectors will remain a priority.

Tameside College

We have developed an excellent reputation for delivering degree level qualifications in STEM which contribute to the economic prosperity of both our learners and the economy.

Much of this success is through partnerships with large employers such as: Siemens, Amazon and other leading brand names. The support of GMIoT will introduce new employers with the local pipeline of talent.

I welcome you to visit Tameside College at open events to meet staff and students in our Advanced Technology Centre.

I hope the investment we have made in STEM teaching and learning will inspire you to apply to Tameside College and GMIoT.

Jackie Moores
CEO/Principal - Tameside College

1 ■ WHAT IS AN INSTITUTE OF TECHNOLOGY?

A .

The Greater Manchester Institute of Technology will launch in September 2023

B .

IoT's are a government initiative providing high quality level 4/5 technical qualifications through a network of partnerships, between education partners and leading employers

C .

They provide education and training in STEM based occupations, to upskill students to best meet employers' needs

D .

The initiative is backed by a £290 million government investment, and deliver the very best in technical education

2 PARTNERS AND EMPLOYERS

A .

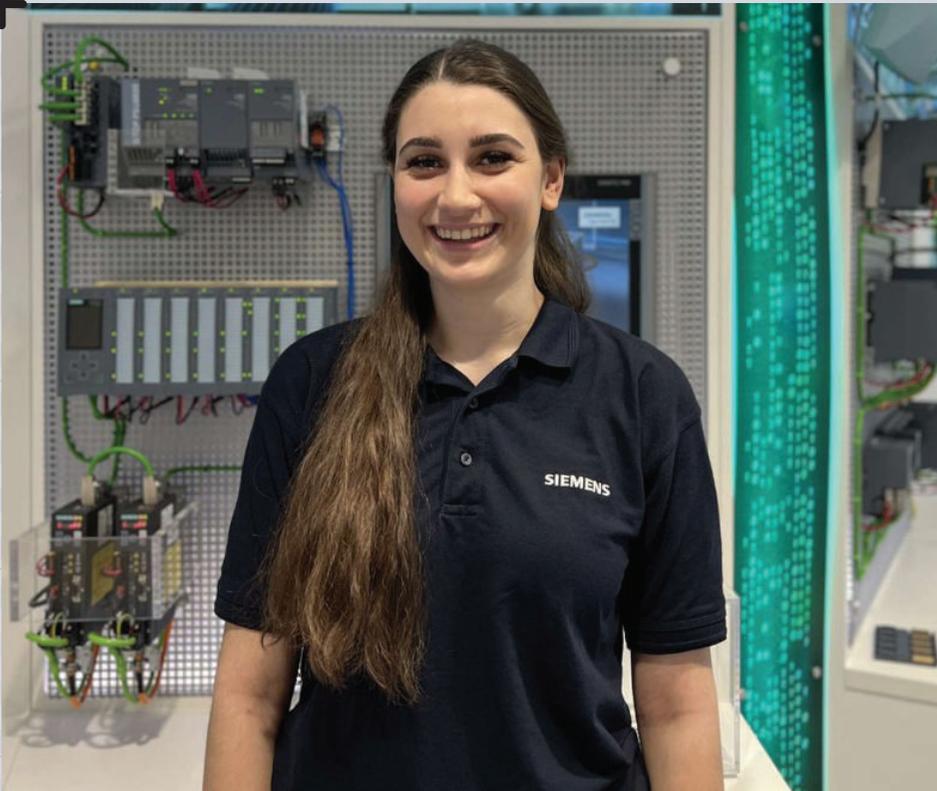

Education Partners

- i. Lead HE Institute – University of Salford
- ii. Lead FE College – Wigan & Leigh College
- iii. Education Partners – ADA, Bury College, Tameside College

B .

Employer Partners

- i. GCHQ – National intelligence, security and cyber agency
- ii. Siemens – World leaders in designing and manufacturing digital and technology solutions
- iii. Laing O’Rourke – Major engineering and construction organisation
- iv. TalkTalk – National telecoms, TV and internet provider

3

BENEFITS FOR STUDENTS

A .

Qualifications that are relevant – designed with and for industry partners

B .

Students have access to state of the art facilities, including simulation workplace facilities and high-tech equipment

C .

Frequent exposure to the workplace and employers through visits, guest speakers, live industry briefs and placement opportunities

D .

Student mentoring and support to participate in WorldSkills and leading sector competitions including hackathons, Dragon’s Den, mock interviews and career advice

E .

Perfectly placed to get to know large employers in the region, finding out about exciting career opportunities

F .

Additional learning support provided, where required

G .

A network larger than one location i.e. students may be based at Tameside College, but will belong to the GMIoT community and have the same high quality experience

4 COURSES

A .

Engineering

- i. HNC in Mechanical Engineering
- ii. HND in Mechanical Engineering
- iii. HNC in Electrical/Electronic Engineering
- iv. HND in Electrical/Electronic Engineering

B .

Computing

- i. HTQ in Computing (Cyber Security)

C .

Construction

- i. HNC in Construction Management

5 ■ HOW TO APPLY

Online application

Visit www.university.tameside.ac.uk for further course information. Click the 'apply' button and make an application.

UCAS

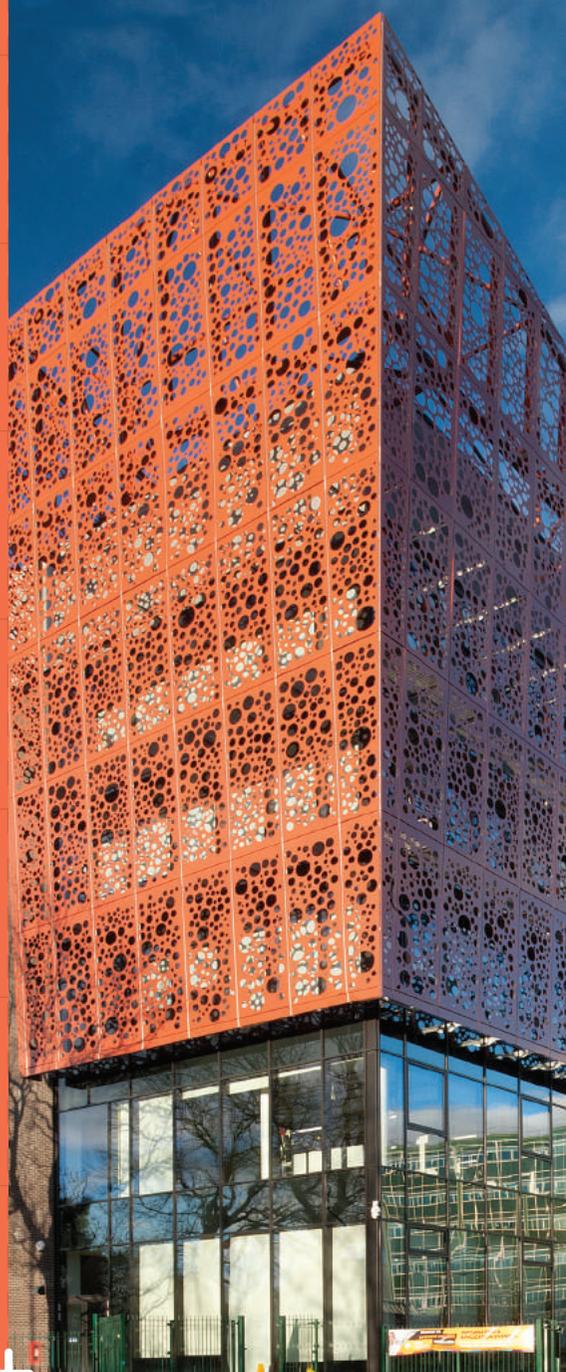

Our higher education courses are all listed on the UCAS website. Simply search 'Tameside College' in their search engine.

In person

Throughout the year we host a number of open events. Visit us and you can make a direct application with us.

We will acknowledge your application online and keep in touch by post and/or email. Dedicated members of the higher education team will invite applicants for an interview. This is an opportunity for the teachers to find out more about you and your experience. Conditional and, sometimes, unconditional offers will be made to candidates following the interview. The offer will take into account previous experience and qualifications.
